

- for energy efficiency
- for environmental awareness
- for the foodservice caterer

With Foster Refrigerator, you really CAN make a difference. We are dedicated to providing you with energy saving equipment that really does save you money and helps reduce the impact of global warming on our environment.

	Efficiency Saving (up to)	Benefits the Environment
Hydrocarbon Refrigerant	15% saving	✓
Smart Controller	10% saving	✓
Energy Efficient Design	8% saving	✓
Lower Carbon Emissions	Reduces Global Warming	
1st product registered on the ECA Scheme	40% saving*	✓

\* The savings shown here are over and above those made on our existing low energy products (independently tested and verified).

That's why we're the caterer's first choice every time.

# The Greenest fridge in the world Gastro-Pro

# The Greenest Gastro-Pro fridge in the world

Hydrocarbon refrigerant  
15% energy saving & environmentally friendly

Rifled copper tubing  
Maximises heat transfer and reduces energy

Corrugated evaporator fins  
Increases heat transfer, less energy used

ECA Scheme Approved  
Ensures efficiency & minimum energy usage

Manufactured & supplied to ISO 14001  
European environmental standard

System rated to ISO Climate Class 5  
Works efficiently in hot kitchens - less energy

EC/WTO compliant  
Meets all legislative requirements worldwide

Conforms to Montreal & Kyoto Protocols  
Ensures efficiency, performance and minimal environmental impact

Over 95% recyclable

Foster Maintenance available  
to ISO 14001 - ensures performance and efficiency to European standards

Helium leak tested system  
Zero leak tolerance protects environment & reduces energy

Fuzzy logic controller  
Saves on energy

Double dipped coil  
Reduces corrosion and gas leaks

60mm high density insulation  
Reduces heat loss & saves energy

Self closing door  
Saves heat-loss, reduces energy

Heavy duty magnetic gasket  
Less heat loss

Solid state fan cut-out switch  
Saves energy when door is open

Zero ODP insulation  
Environmentally friendly

Full traceability  
From collection to recycling at end of life

Air ducted to base  
Better temp & performance - less energy
